RIVER RIPPLES

By **MARIE JONES** And
VIRGINIA DEUPREE

The anthem, "I Knew Thee Not," to be sung by United Church's chancel choir at the 11 o'clock service Sunday morning, is the result of an unusual collaboration by three members of a creative church family.

The words of the anthem, being sung publicly for the first time, are by Roy Newton, and the music was composed by his son Glen, who is a senior in Big Rapids high school.

Their wife and mother Dorothy, who is church organist and directs the chancel choir, made up three pages of stencils so that the music might be duplicated for the singers' use.
